1. thoroughly researched the background of this employee/volunteer including (but not limited to) a criminal background check prior to commencement of their work/ministry at this church.
2. closely monitored their performance in ministry at this church and have observed no behaviors that would pose a threat to the general well-being of minors.

By virtue of our own investigation and knowledge, we assume full responsibility for the conduct of our adult(s) and release the Presbyterian Church in America (a corporation)) from any responsibility for the conduct of our adults in their relationships with our youth, or the youth from other churches, or any other youth which might be involved at the YXL Conference.”

\_\_\_ Please check if a criminal background check for the person named above is on file with the church with no exceptions noted. In the event a criminal background check has not been obtained, the above individual must authorize the PCA to obtain one before he/she is able to participate [in any way] with the YXL Conference.
